### Guidelines

---

**Educate yourself and your loved ones about - what is physical as well as mental good health and how to achieve it.**

---

**Stay tuned to your body and recognize itâ€™s needs - have adequate and timely rest and sleep, exercise regularly, follow a good diet, drink plenty of water and practice meditation daily.**

---

**Maintain a healthy BMI. Adopt a healthy diet - high in vegetables (esp green leafy ones) & fruits and low in carbs, sweets, salts and fats. Eat more proteins & whole grains (atta) and reduce refined carbohydrates (maida). Include some nuts and seeds in your diet. Ensure you eat foods rich in vitamins and minerals - citrus fruits (orange, lemon, and sweet-lime), yoghurt/curd, turmeric,**

**green vegetables,**

**beetroot and pomegranate, sesame seeds, flax seeds, nuts, raisins and dates. Avoid**

**full-fat milk and full-**

**fat dairy products to the extent possible. Minimize processed, deep-fried and junk food.**

**Drink at least 8**

**to 10 glasses of water per day. Remember you can eat what you like but**

**moderation/balance is the key.**

**Exercise regularly, at least 45 mins of mild exercise every day and preferably 150**

**minutes of**

**cardiovascular exercise per week. Create daily routines with adequate (7-9 hours) of**

**sleep at**

**appropriate hours. Try to follow the sun, rise early and do not sleep too late. Avoid**

**screen time before**

**sleeping and try to keep a min 3-hour gap between your dinner-time and sleep-time.**

---

**Take care of your mental health at home and the workplace. Be open to talking, about**

**any issue you may have, to your close family members and friends. Practice deep**

**breathing exercises and guided or self-meditation daily. Schedule a few minutes of**

**daily fun time for your hobbies - listening to music, singing, gardening, going for nature**

**walks or playing with pets and spend some happy time with your family & friends.**

---

**Increase your exposure to the sun- take walks or perform your daily aerobic exercises**

**outdoors in the mornings. Increase consumption of milk and dairy products but make**

**sure it is not full fat. Vitamin D supplements, with or without calcium are also safe to**

**take after consultation with a physician.**

---

**Limit the number of your sexual partners. Always practise safe sex - use condoms.**

---

**Keep your blood sugar in check and prevent all the complications of high blood sugar.**

**Reduce intake of carbohydrates, avoid refined carbohydrates and minimize (stop to the extent possible) sugar be it in sweets, colas, or in tea, coffee etc.**

---

**Check your HBA1C and FBS every year and if high consult a physician to get evaluated and initiate treatment if needed.**

---

**Keep your blood cholesterol in check and prevent all the complications of high blood cholesterol.**

**Follow a diet friendly to your heart and blood vessels. Minimize intake of fried foods. Reduce intake of oil, ghee and butter, especially trans fats.**

---

**Check your blood cholesterol every year and consult a physician if high to get yourself evaluated and initiate treatment if needed.**

---

**Keep your BP in check and prevent all the complications of high blood pressure.**

**Do not add extra salt to food/salads/buttermilk and avoid eating papad and pickles.**

---

**Check your BP every year and consult a physician if high, to get yourself evaluated and initiate treatment if needed.**

---

**You may have a high chance of having a heart attack. Heart attack can be prevented/delayed with the help of medicines (keeping taking them, if prescribed by your doctor) and by following a healthy lifestyle. Know the symptoms of heart attack and if you have them anytime immediately rush to the doctor.**

---

**You may have a high chance of developing a stroke. Strokes can be prevented/delayed with the help of medicines (keep taking them) and by following a healthy lifestyle. Know the symptoms of stroke and if you have them anytime rush to the doctor immediately.**

---

**Monitor your heart and get your ECG taken every year.**

---

**Monitor your heart and get your TMT taken every three years.**

---

**Get your thyroid test done every year.**

---

**If you have difficulty in sleeping, you may have sleep apnea. Know about the symptoms**

of sleep apnea and if they present anytime consult a sleep specialist to get yourself evaluated (by undergoing a sleep study) and initiate treatment if needed.

---

**You seem to have / are likely to have metabolic syndrome (multiple lifestyle diseases).**

**Take your health very seriously, consult a doctor and follow the advice religiously.**

---

**Get your eyes checked for cataracts every 3 years.**

---

**Get your retinal eye screening done every year.**

---

**You have the risk of having/developing chronic kidney disease, please take**

**Smaarogya's chronic kidney disease screening test immediately to ascertain if any further actions need to be taken.**

---

**Get your Serum Creatinine test done every year. If results are high, visit your doctor immediately**

---

**You have the risk of having/developing chronic liver disease, please take**

**Smaarogya's chronic liver disease screening test immediately to ascertain if any further actions need to be taken.**

---

**Avoid needle stick injuries - e.g. use of injectable drugs, tattoos etc. If you are a healthcare worker, be especially careful about needle-stick injuries. Practise safe sexual habits, with the use of condoms, especially if you have multiple partners. If you have taken oral contraceptive pills for a long duration (> 4 years) or take paracetamol daily, disclose and discuss the same with your doctor. Take herbal medicines only after getting it checked and evaluated by a physician.**

---

**Get your SGOT, SGPT and USG "liver tests done every year. If results are high, consult doctor immediately**

---

**Always get unexplained bleeding/excessive bleeding from small wounds examined by a doctor.**

---

**Stop any type of oral consumption of tobacco, pan, and paan masala. Quit smoking,**

avoid secondhand smoke and reduce alcohol consumption. Maintain good oral health - brush twice a day and keep your gums clean. If you have ill-fitting dentures or sharp teeth, consult your dentist to get them checked. Visit your dentist for screening every year.

---

Get the Fecal Immunochemical Test (FIT) test done every year.

---

Get the colonoscopy done every ten years.

---
