### Guidelines

---

Educate yourself and your loved ones about – what is physical as well as mental good health and how to achieve it.

– Very Urgent

---

Stay tuned to your body and recognize it's needs – have adequate and timely rest and sleep, exercise regularly, follow a good diet, drink plenty of water and practice meditation daily.

– Very Urgent

---

Maintain a healthy BMI. Adopt a healthy diet – high in vegetables (esp green leafy ones) & fruits and low in carbs, sweets, salts and fats. Eat more proteins & whole grains (atta) and reduce refined carbohydrates (maida). Include some nuts and seeds in your diet. Ensure you eat foods rich in vitamins and minerals – citrus fruits (orange, lemon, and sweet-lime), yoghurt/curd, turmeric, green vegetables, beetroot and pomegranate, sesame seeds, flax seeds, nuts, raisins and dates. Avoid full-fat milk and full-fat dairy products to the extent possible. Minimize processed, deep-fried and junk food. Drink at least 8 to 10 glasses of water per day. Remember you can eat what you like but moderation/balance is the key. Exercise regularly, at least 45 mins of mild exercise every day and preferably 150 minutes of cardiovascular exercise per week. Create daily routines with adequate (7–9 hours) of sleep at appropriate hours. Try to follow the sun, rise early and do not sleep too late. Avoid screen time before

sleeping and try to keep a min 3-hour gap between your dinner-time and sleep-time.

- Very Urgent

---

Take care of your mental health at home and the workplace. Be open to talking, about any issue you may have, to your close family members and friends. Practice deep breathing exercises and guided or self-meditation daily. Schedule a few minutes of daily fun time for your hobbies – listening to music, singing, gardening, going for nature walks or playing with pets and spend some happy time with your family & friends.

- Urgent

---

Increase your exposure to the sun- take walks or perform your daily aerobic exercises outdoors in the mornings. Increase consumption of milk and dairy products but make sure it is not full fat. Vitamin D supplements, with or without calcium are also safe to take after consultation with a physician.

- Very Urgent

---

Limit the number of your sexual partners. Always practise safe sex – use condoms.

- Very Urgent

---

Keep your blood cholesterol in check and prevent all the complications of high blood cholesterol.

Follow a diet friendly to your heart and blood vessels. Minimize intake of fried foods. Reduce intake of oil, ghee and butter, especially trans fats.

- Urgent

---

Stop or reduce consumption of red meat and charred meat.

- Urgent

---

Check your blood cholesterol every year and consult a physician if high to get yourself evaluated and initiate treatment if needed.

- Urgent

---

Keep your BP in check and prevent all the complications of high blood pressure.

Do not add extra salt to food/salads/buttermilk and avoid eating papad and pickles.

- Urgent

---

Check your BP every year and consult a physician if high, to get yourself evaluated and initiate treatment if needed.

- Urgent

---

You may have a high chance of developing a stroke. Strokes can be prevented/delayed with the help of medicines (keeping taking them) and by following a healthy lifestyle. Know the symptoms of stroke and if you have them anytime rush to the doctor immediately.

- Urgent

---

Get your thyroid test done every year.

- Urgent

---

You seem to have / are likely to have metabolic syndrome (multiple lifestyle diseases). Take your health very seriously, consult a doctor and follow the advice religiously.

- Urgent

---

You have the risk of having/developing mental health issues, please take Smaarogya's screening tests for anxiety and depression immediately to ascertain if any further actions need to be taken.

- Urgent

---

If you have pain in muscles and joints, stretching and exercising underwater (aquatic exercises) are effective. Regular massages and hot & cold packs on joints also help.

- Urgent

---

Always get unexplained bleeding/excessive bleeding from small wounds or during periods examined by a doctor. Female

- Urgent

---

Educate yourself and your family about the signs of breast cancer and learn to detect them - the best way is to perform a self-breast examination every month, just after your periods. You should get your breast checked by a physician every year. If you are taking or have been advised to take oral contraceptive pills or hormone replacement therapy, discuss the risks vs benefits of the same with your doctor.

- Very Urgent

---

Schedule a mammogram (an x-ray of the breast) and USG — breast every 2 years to screen for breast cancer.

- Very Urgent

---

Certain families have a gene mutation which increases the risk of getting breast cancer. Please take Smaarogya's screening test to evaluate if you should get tested for BRCA gene mutation.

- Very Urgent

---

Get VIA cervix screening done by your gynaecologist every year.

- Urgent

---

Get screened for cervical cancer by taking a PAP Smear test every 3 years.

- Urgent

---

Get screened for cervical cancer by taking HPV testing along with PAP smear test every 6 years.

- Urgent

---
